

## A Mean Woman

Mrs. Oleson was a mess. She made other people work for her and do her chores. She was not a good cook. Her food tasted gross. She would leave the kitchen a mess. Mr. Oleson had to clean up.

She always dressed fancy but her face was ugly looking. She never got onto Nellie but she blamed Willie for everything that Nellie did wrong. Her singing sounded awful. She was bossy to everyone. She treated Mr. Oleson bad.

She was stingy. She did not like to spend money to help poor people. She wanted Nellie and Willie to be treated better than the other kids.

She wore great big funny hats with flowers. She looked silly. She thought she was very pretty. I did not think so.

She was a scaredy cat. She was scared of everything. She always got herself in trouble and blamed someone else.

I did not like her or Nellie. They were mean all the time. She was not a good friend to anyone. When the Oleson family adopted Nancy, Mrs. Oleson let her be mean too.

I think we need to pray for them to be nicer to everyone.

The End.
